If it is assumed that Messrs Gopaliengar and Ramaswamaiyya will continue as Asst Comrs, there will be 8 vacancies existing. To account for this, the following officers are on leave or special duty for periods of varying length :—

Mr K. Dorasami Iyer, on leave.
" M. Kantaraj Ars, on duty at Delhi.
" N. Venkat Rao, on leave
" B. Ramakrishna Rao, on duty at Delhi.
" C. Srikanteswara Iyer, on leave.
" C. Devaraja Ars, on leave.

Mr Nanjaraj Ars is to retire and so has not been taken into account.

Of the five Pro: Asst Comrs, three — Messrs Dasappa, Chokkanna and D'Souza — are employed in the regular line. Two, Messrs Venkoba Rao and Narasinga Rao Purnaiya, are in the Dewan's Office and will have to be drafted to the Districts.

Thus for the 8 vacancies, only temporary arrangements are required.

For the two officers on duty at Delhi, no temporary arrangement is necessary, as they are likely to return.

return to duty early.

Mr. C. Devaraje Ars who is on leave is not wanted in the Dewan's Office, and may be transferred to Ulsoor As the latter place has four General Asstt Comrs, probably it will be possible to get on with this Officer there.

The 1 probl Asstt Comrs in the Dewan's Office may also be used up for these vacancies.

Three acting appointments (in the place of Messrs. Venkataram, Doraswami Iyer & Srikantheswaraya on leave) seem to be absolutely necessary.

Several of the young men who have passed the Civil Service Examn held in august 1901 have thrice memorialising His Highness for appointments and as several of them have also taken the second Degree of Bachelor of Laws I am of opinion that they can deserve the indulgent consideration of His Highness. His Highness for such consideration as they may be deemed to call for.

Of the three Probationers appointed with account Deptt two have been failing in their Examinations - and one who was one of those who had passed the Civil Service Exam^n succeeded well. This is Mr Kushwaha who is now attached as II^d Asst Comptroller His Highness the Maharaja was pleased to sanction the other day - He gives promise of making a good Account Officer. In view of the impending retirements of several officers in the Audit Deptt and the necessity there is of strengthening the establish-ments both in the Financial Branch of the Secretariat, and in the Comptroller's Office I think it very necessary to appoint three more Probationers on the same terms as the present Probationers except that they may start with ~~Rs~~ one-hundred-

For several years it was in vogue to appoint Judicial Probationers

and the present opportunity may be availed of wherein there and where such may be appointed. One of these will be appointed with Legislative Council of the Secretariat and the other two attached with their respective Courts. They may be eligible to be appointed as Assts, and for appointment in their own Court and also as District Court Shirastedars. Gentlemen appointed as Probationers have turned out very well and an alternate appointment from among such Probationers will doubtless improve the class of Assts -

There have been many vacancies among Amedars and we may take this opportunity to appoint three or four Probationary Amildars to undergo probation for six months or a year and when they keep the departmental examinations and obtain certificate in Equitation they may be put in charge of Talugs -

During such provisionary period there will be attached to good Guilds with whom they will learn practical work - while in this manner we shall undoubtedly improve the class of Guilds we shall also do what is proper to start our young men in life who have taken pains to secure excellent education and make them useful - We will not be much additional cost which may be found in the savings of ~~xxxxxxxx~~ fixed establishments - From the first year we may make a small provision if the experiment works well.

I would beg to take this opportunity to bring to notice of His Highness the case of a young man who is the son-in-law of ~~xxxxxx~~ Mr Srinivasa Iyengar. the ~~xxxx~~ II Councillor - He is not inferior to any of the young men found in the ~~xxxxx~~ list of the Civil Service Examinations and is a B. A & B. L and has also enrolled himself as a Vakeel of the Madras High Court. On grounds of climate & other considerations Mr Srinivasa

Iyengar is a man who has his domicile in the Mysore Service. He request deserves the favourable and indulgent consideration of His Highness -

The following is the list of young men who have thus been provided

(1). Navaratna Ramaiah
B.a. BL.
(Is now practising in Salem)

(2). Sankleshwar Hiranyaya.
M.a. BL.
(Is now practising in Bangalore)

(3). Collalur Ranganatha Rao Sahib
B.a. BL. High Court Vakeel
(Is a candidate to appear in the Mysore service)

(4). Gopichetty-palayam Srinivas Iyengar
B.a. BL.
(Is now, since then Shirastedar in the Chitaldroog Sub Judge's Court)

(5). Bindiga navale Narayanaswami Iyengar
B.a. BL.

(6.) Dharapuram K. Ramaiah
B.a. BL.
(Is now apprenticed before being enrolled as a High Court Vakeel & is also a candidate for employment in the Mysore service)

(7). Belur Srinivas Iyengar.
B.a. BL.
(Is likewise an Advocate of the High Court

(8) M. Bl Doreswami Iyengar
Ba - BL - High Court Vakeel

If any of them do not care to be appointed on the terms above proposed we may reduce the number of Assistant & Judicial Probationers — their distribution among the respective Depts also may be decided if the above proposals are approved. I am convinced that both in the interests of the service and in those of the young men themselves the proposed arrangement is good and beneficial. All of them except S Kuwa Kawada will.

I may perhaps add that all are well connected and bear excellent characters.

13. IX. 03

I do not think that we shall, by this arrangement deprive any deserving official of his prospect of becoming Auldermen — we have so many at the present moment who are yet waiting to be confirmed as Dy Auldermen as they have not yet passed their examinations — As far as I can

make out roughly there are five permanent vacancies and two which are as good as permanent excluding three commissions which have been promised for the session of this Legislature —

He is in great need of help and the profession of Lawyer does not pay him yet. What is your opinion of reviving the old Probationers? Supposing two are appointed, they may take their chance by turns with Advocates and others. Some such arrangement seems to be necessary.

Camp Thondebhavi,

17th September 1903

Dear Sir Krishna Murti,

Your D.O. dated 15th instant

The scheme which you say you have submitted to His Highness and which you have kindly sent to me for any remarks that I may have to make, involves a ra-dical change in the existing mode of recruiting for the lower grades of the Civil Service. This important question could have been considered in all its aspects if it had been brought before the Council and thoroughly discussed; and as it affects the system of recruitment for the lower grades in the Departments under the Chief Court, the Reve-nue Commissioner and the Comptroller, it would have been an advantage if these different authorities had been con-sulted as regards their requirements and also as to how the present scheme would meet them. But as apparently the matter has been placed before His Highness and I am only asked to note any remarks that I may have to make on the subject, I proceed to lay them before His Highness without any delay.

I had no intimation myself of such a scheme being under your consideration. As far at least as recruitment for Amildaris is concerned I do not know if it

will not conflict with the scheme prepared by the Revenue Commissioner which has been now before Government for nearly a year . I thought we had done away with the system of appointing Probationers for the Amildar's grade and even if Probationers are appointed it is a question if so many appointments should be made merely on the ground of a large number of B.A. B.L's being available .

I do not know on what principle the men entered in the list have been selected . Some appear to be men who failed to come within the fixed number for nominations at the last Civil Service Examination . This class to be exhaustive should I believe include the name of Sadasiva Rao son of Mr.M.Narain Rao , Dy. Commr. and 3 or 4 others , all Mysoreans , who stood higher than some of the men mentioned in the list . Sadasiva Rao is a brilliant B.A. who has since come out first in the F.L. In the Civil Service List he stands above S.Hiriannayya . Some of these men from the fact of their having passed in Mathematics stand a better chance of passing the Account Test than the B.A.B.L's . Some are connected with the higher officials but there are none who come under the category of being '' in distress without a settled occupation and aim in life ''. One such man I know , a Shanbogue , B.A.B.L. , on whose behalf the people of Heggadadevankote had memorialised His Highness .

for the large no of appts now proposed

Again there would be some justification if in the nominations the different communities had been represented .

Regarding appointing Probationers to the Account Department , seeing how the two Probationers though B.A's have failed , would it not be a better arrangement to make candidates to that branch of the service undergo the preliminary Examination , preferably the one prescribed for British India , to which the candidates can be easily admitted by arrangement through the Hon'ble the British Resident . From the fact that Mr.M.N.Krishna Rao has passed the Account Test successfully it does not follow that the candidates named in your Memo. will also be able to pass the Preliminary Examination ; the case of the other two Probationers would rather point the other way . It is not every one that has aptitude for figures . The qualification necessary for a good accountant are different from those necessary for the profession of Law and I would avoid the wate of money involved in attaching a B.A.B.L. to an Account Office without any guarrantee for his fitness or aptitude for the work .

I do not see ~~here~~ any necessity for any Probationers in the Judicial Department as we have been recruiting for that branch of the service from the Bar as in the British Provinces . The practice at the Bar itself

gives all the training and better training than , they can expect to get in the capacity of Probationers and without the cost involved in paying the Probationers . There are a number of practising advocates , graduates in Law , young men , natives of Mysore , who have very strong claims for being appointed as Munsiffs . The Chief Court and the Sess--ions Courts , before whom they are practising , can speak with authority on their qualifications . These young men have not only passed the B.L. but have undergone the expen--se and trouble involved in starting as Advocates . Compe--tition is growing keener and keenr every day and I think it will be considerate on the part of Government to choose for Munsiffs those who have made a name for themselves and at the Bar .

As regards the postcript to your memo I may be allowed respectfully to remark that the so called vacancies among Amildars and Dy.Amildars are all due to reluctance on my part to recommend the confirmation of the acting men until I was fully satisfied that they were qualified for the Executive service . They are not real vacancies and I have said so in my report to Govt. as Revenue Commr.

As at present advised I would not adopt the system of Probationers as a general scheme, but only in exceptional cases which His Highness may consider dese

deserving of such special treatment . In any case I do not see any justification for the wholesale appointment of 8 Probationers on this occasion . By putting as a Probationer every B.A.B.L. who had failed to secure the two places given to nominated candidates , which itself was a departure from the original scheme and adopted in the interests of men born in the Country and educated at our Institutions , we should shut out even the slender prospects that now lie before men in the subordinate ranks in which we have a lar-ge number of single and double graduates who are very deser-ving men .

If it is decided that we should have probation-ers I would submit that we should have a regular scheme for periodical selections on some well recognised principle of men who pass first in the B.A. B.L.or M.A.examinations . Let us consult the Heads of Departments as to the average number of vacancies every year , and as to the nature of the qualifications they want in the candidate , let us inform the Principals of Colleges in Mysore and Bangalore of these particulars for being notified to their pupils , and every year let a certain number of those who pass highest and who in addition produce certificates of physical fitness , be taken into the Departments for which they have aptitude and be started on any pay say Rs.50 or 70 or 100/ according

to the nature of the examinations they have passed . Let a percentage of the vacancies be also reserved by promotion for those who are already in the service . Some such rule or system will result in improving the service and be a great encouragement to education .

If however the Government decide to appo -int the men named in the list as Probationers , I would venture to bring to the notice of His Highness for His gra--cious consideration the case of my nephew (brother's son) who was educated in the Mysore Maharajah's College and in the Central College Bangalore and has taken the B.A.degree in Geology . My ambition was that he should set an example to educated native youth by applying himself to the practi--cal work of a miner and with this view I had him trained at some expense in underground mining . The Yyoung man has not belied the expectations I had formed of him . I under--stand that Dr.Smeeth has strongly recommended him for a Mining Assistants place . I also enclose a copy of a testi--monial given by Mr.Bullen , Superintendent of the Urigam Mine . I should myself have very much liked his appoint--ment as Mining Assistant . But if Government are not like--ly to sanction the proposal early I would submit for the gracious consideration of His Highness the name of M.Vinaya k

Rao for being appointed as Probationer either in the Revenue or Account Branches .

C.Vinyaka Rao Esq.

Dear Sir , I am very pleased to give you the certificate you ask for in regard to the work you did in this Mine . You were here for about 6 months during which time you wor--ked underground with the ordinary Miners and afterwards helped for a time in the erection of our new Mill . The insight and experience you gained , during this short time into the conditions and character of practical miming work cannot fail to be of great use should you succeed in obtain--ing the post of Government Mining Assistant which you intend applying for .

The best testimonial I can give you is to say that you worked steadily and intelligently and gained the respect of those in whose charge you were placed.

I have doubts as to whether any Native Of--ficer is likely to succeed as Inspector of Mines consider--ing the rough and ready class of Europeans he has to deal with in the Mines , and I have had experience of several Native Officers in this work , but from the way in which you got on with the men during your work here , I should not be surprised if you proved an exception to this rule and I should be glad to see you get a chance at the work.

Yours faithfully,

I have obtained the permission of H.H. to place the matter before the Council and I herewith send the file to you. I do not intend it as a permanent scheme. My

avowed object is to ~~a~~ examination for those who have passed - You are quite right in what you say about Sadasiva Rao. I did not overlook him but did not include him and one or two others in this recommendation as they were yet engaged in their B.L. Course. It is of great importance that the matter must be kept quite secret as if it gets out it will only lead to great hopes which if not realized will be very disappointing to those Concerned.

GOVERNMENT OF MYSORE

Mysore
27-9-03.

received 30th Sept

My dear Sir,

I return with thanks the file of papers (including D.O.) you so kindly sent me re Probationers

[redacted] - I am highly thankful to you for bringing my case to the favorable notice of His Highness - to enable me however to keep [redacted] my unbiassed opinion, permit me to say that I entirely discard the young man's case which I intended should be dealt with by itself and not as part of a comprehensive proposal -

My humble opinion is that the

appointment - occasionally of one or
two Probationers on family or other
special considerations as a mark
of royal favor, is calculated to
improve the efficiency and morale
of the lower grades of our service -
But - I respectfully submit - that I
am skeptical as to the desirability
of a larger No than two being appointed
all at once - In the latter case
the consequence would be discontent
and demoralization - I beg to suggest -
that on the present occasion the
No - or records - be limited to
three the nomination depending upon
the Pleasure of His Highness - I would
give one Probationer to "accounts"
another to "Legislation" and the third to
Revenue". No 1 (for whom there is no
vacancy, but who is to be appointed in
lieu of Mr Eagles' approaching retirement,

should be a distinguished
mathematician No 2 a distinguished
graduate and No 3 a distin-
guished Graduate in Arts (Law also
possible) with an excellent
physique - A place somewhere in
the Civil Service Post Less if not all
that is required to justify special
treatment -

If a second Probationer for
Accounts is required, he should
take the Naval Secretarial place
and also be a young man who
has graduated in Mathematics
with distinction - This arrange-
ment would involve no
additional cost -

There is no room for any more
Account Probationers so long as
the two present unsatisfactory
Account Probationers are allowed
to remain where they are -

4 - Mr. Justice Cameron - re - Executive Council meeting - 4th January, 1927 - Absence from Province

latter vacate they should be replaced
by good mathematical graduates -

In the Legislative Dept. there is
plenty of work to do, and it would
be an advantage to have attached
to it a good young lawyer - and I
believe this arrangement would
not necessitate any extra cost since
the manager has been, or is shortly
to be, retired -

From County, the Reg. of the
Revenue Prosecutions could, I
presume be easily met -

In the Judicial Dept. there is no

between and the talented junior members

clamorous for admission into the Service
being entitled to first consideration -

I submit that above mere subject -

My dear Sir Krishna Swamy.

I have thought over your proposal to appoint Narayanayya as a Judicial Probationer. He is a very promising young man whose name has been entered in my book as a suitable candidate for the appointment of Munsiff. I advised him sometime

ago to settle in Bangalore & practise
in the Chief court so as to give
a fair opportunity to me & my Colleagues
to form an opinion regarding his
character & qualifications - It is on
a question of time when he will be
appointed a Munsiff - but having
the opinion which we have formed
of him, there will be no hesitation
in making him a Judicial Proba-
=tioner. I wish to give him suita-

training before he is sent out as
Munsiff. I will entrust to him
the duty of drawing up decrees at
the same time. I wish to make
him a sort of assistant to the govt
advocate & appear before us to
argue criminal appeals.

Yours sincerely

GOVERNMENT OF MYSORE

Bangalore

27th October 1903

Dear Sir Krishnamurti,

My memo dated 17th September contains all that I have to say on the subject and I have nothing to add. The file is herewith returned.

Yours sincerely.

M Madhava Rao

Submitted to His Highness.

Please see note which follows.

1.X1.03

this matter was discussed
in a Council meeting - and
the Councillors have not deemed
it necessary to add any thing
to what was already recorded.

Mr H. J. Councillor thinks that
these probations may be afforded
and the 1st Councillor has availed
himself of the opportunity to re-
commend his nephew to the
favourable consideration of His
Highness - a young man
graduated recently in the Mining
Branch & I am sending [illegible]
up a recommend about him.

With regard to the proposal
submitted by me I must say
that after discussing the question
with the Councillors & reading their
notes I am greatly confirmed
in my view that it is very desirable
to take some action in the way
suggested by me - I do not intend
that this should be a permanent
scheme - On the other hand I
would, when Civil service Exams are
held again, suggest the publication
of only such names as become
eligible to appt either by taking

the top-most places or the upper places as Upperians - It is only by publishing other names that expectations & hopes are formed & in the present instance I cannot say that there is no foundation for such hopes being raised - Our ~~conversation~~ are the previous occasions every one of these who passed the Civil Service was provided for - Mr Shamasastri, Mr Subrahmanya yaya, and Mr Krishnaswamy are such instances - It seems to me therefore that there is every reason to consider the cases of these young men favourably - As mentioned by the 1st Councillor Sadasivaiyar and Mr. T. Ramachandraiyar claim consideration also, but at present they have not yet passed their B.A. Both of them are still in the College - It is possible that some of the Eight whose names have been mentioned might care to take up the offers we offer them & in such a case the number of ... to be reduced -

While on this subject I may
mention that in reply to my letter
of 7th Sept. 1903 the Chief Judge has
stated that Hiranyaya may
be appointed a Judicial Probationer
& that he will be trained up -
There is no question that a
Probationer attached to the Legislature
Dept will be usefully worked
& and one will up in Kanada
& who can translate English Regula
tions Rules & orders into that
Language is a great desideratum
The II Councillor appears to
admits the desirability of such
a measure -
Two or at
least one amount Probationers
is by no means not wanted &
there are several among the
Eight now named who will do
very well in the Asst Dept. On
the whole the measure seems to
me to be both necessary and bene
ficial and I have no hesitation
in recommending it for the
favorable approval of His Hyness -
There need be no fear that

any deserving officials in the subordinate branches will be superseded - We have witnessed confirmation of several Dy Asts not being satisfied of their competency. An unusually large number of vacancies have occurred and more are likely to occur This is the most favourable opportunity for doing a gracious act & giving them deserving young men a start in life - All may start on 100 ~~Rs~~. In the account Branch the for Probationers will rise in accordance with the standing order & award of the precedent of the Kesthwaite In the judicial branch they will be drafted as Mffs - & probationary Assistants will be drafted as Assistants after six months probation - Having Bachelors of Laws they need only pass the new Standard which there is every reason to hope they will do with ease and six months probation should be ample - During this time they will be practically

I might mention the work I associated with Ford Arnolds- they may be desirous of cases as 3rd class Magistrates.

The accompanying statement shows the financial effect - a much of it may be found by the savings of the existing establish- ments.

When all are deserving of equal treatment I am unwilling to suggest the selection of only a few, but if His Highness is disposed to prefer this course on the ground of their ~~connection~~ relationship to me I must only respectfully submit that some thing is better than nothing but the selection will be invidious and expose to criticism -

1. XI. 03

It was stated in the News papers that Mr Leonard having failed to secure a position in the Indian Civil Service has been selected for the Colonial Service - that he selected young men as Arnolds as they did not secure the position

in the list who appointed
an Apothecary is not altogether
without some ancestry.

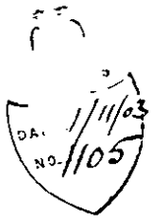
1. XI. 03

2	Judicial Probationers for one year at 100 Rs.	2400.
2	Asst Probationers do do	2400.
4	Tahsildars on Probation for one year at 100 Rs	4800
	Total	9600

A good portion of this amount, it should be possible to find from the savings under the Head of Establishments. This is besides an expenditure which diminishes after one year.

1.X1.03

Record of Case submitted for the orders of His Highness the Maharaja.



Subject.

Resubmitting proposals for providing the gentlemen who have passed the Civil Service Examination held in August-1901; and who have memorialized His Highness for appointments, with reference to His Highness Orders of the 16th September 1903.

Order.

The disposal of this case has given me some anxiety, as it involves a new departure, and there seemed to me a danger of the interests of Amildars and Munsiffs in the service, or of those who have a claim to such appointments being prejudiced.

As I understand it, the claim of the men to appointment arises from the fact that they were declared to be passed at the last Civil Service Examination, though there were not sufficient appointments in the Civil Service to offer them . I agree that this practice would naturally give rise to hopes in these passed candidates and I am prepared to accept the Dewan's recommendation with respect to them, on the clear understanding that our action is not to be regarded as a precedent, and that in all future

examinations, those only are declared to be pass-ed, to whom appointments in the C. S. can be given. I understand that the Dewan has confined his recommendations to those on the list who are Mysoreans and have taken a double degree, and this is an intelligible and reasonable principle of selection. Mr. Srinivasaiengar's relation is not a pass-ed man and I am not prepared to sanction his appointment. I desire that the meaning of and reasons for these appointments should be clearly stated in the Govt. Order, of which I should like to see the draft. It must be made clear that we are merely terminating an existing difficulty and not setting a precedent.

Further, in my opinion, our system of recruitment for the several services is not based on sufficiently rigid and definite principles. I shall be obliged if the Dewan will consider the whole question of the cadres of our various services, the number of appointments required, and the number of Officers needed to fill those appointments, making due allowances for leave and casualties. I am given to understand that the whole question was worked out by the Public Service Commission, and the Govt. of India in the Financial Dept. but I have not been able to obtain the papers unofficially. Probably they could be obtained through the Resident, and would give us valuable assistance in determining the principles that we should follow. I trust that the Dewan will give this matter his earnest attention in consultation with the Councillors.

You will be attached either to the Judicial, Revenue, or Account Department, as the Government may hereafter decide and before you are confirmed you will be required to pass the Departmental qualifying tests, if any, and otherwise to satisfactorily acquaint yourself with the work of the Department to which you may be attached. Dear sir

Your kind letter dated the 19th January 1904 from Bangalore was put into my hands today on my return from a business trip. Hence the delay of a day in acknowledgment, which I trust you will pardon

I can never be sufficiently grateful to His Highness the Maha-raja of Mysore and His Excellency the Dewan for the very gracious offer made to me, and the only return in my power is to endeavour all my life to deserve their kindness.

As I am living far away from my father and other relatives whose opinion would be entitled to the highest weight in governing my choice, I humbly pray that

that I might be given 10 days time — or if that should be thought inconveniently long, as much time as is convenient — to enable me to consult them, and to settle my business here preparatory to leaving the profession.

A draft order relating to the appointment
A of Probationers, as called for in His Highness' order
B of 2nd January last, is herewith submitted. All have accepted the offer and in distributing them to the Revenue, Judicial and Account Departments, their aptitudes and their wishes also to some extent have been taken into consideration. Messrs. Hiriyannia and D.K. Rama Rao who have passed the B.L. Examination in the second class have expressed a desire to join the Judicial Department. Mr. Navaratna Rama Rao wishes to go
C into the Revenue Department. Mr. B. Srinivasiengar who has passed with Mathematics as his optional subject has been assigned to the Account Department, and the remaining three to the Revenue Department. I have reasons to know that the appointment, as Probationers, of men of high ability and education is received with favor by a large number of persons whose opinions are entitled to some weight. I, Navaratna Rama Rao, most humbly beg leave to approach your Highness with the following memorial for kind consideration.

I was a candidate at the last Mysore Civil Service Examination, and passed sixth, missing the last

Central College, who has known me intimately for over ten years.

In conclusion, I most humbly pray Your Highness may be graciously pleased to appoint me Probationary Assistant Commissioner, in place of Mr. S. S. Padmanabha Iyengar, late in charge of the Mysore District Treasury, who died on the 27th August last.

For this royal act of kindness, I shall ever pray

the last guaranteed place by 14 marks out of 1400.

I took the B. L. degree of the Madras University in 1902, and am at present practising as a First Grade Pleader in Salem.

I took the B. A. degree of the same University in 1898, passing from the Bangalore Central College with Physics as my Optional subject. I was placed first in second class in English in 1897, when there were five first classes, and

for a respectable second class in Physics the following year. I studied History for the Mysore Civil Service Examination, obtaining the third best marks, and 15/500 less than the highest in that subject.

Sir,

I beg to request you to bring before the Highness the Maharaja, my claims & qualifications for the post of Probationary Assistant Commissioner, now fallen vacant by the sad death of Mr Padmanabha Aiyangar.

I am a first class mathematics graduate and a Master of arts in English literature and am an Educational officer in the B II grade (200 - 25 - 300 Rs). I passed the Mysore Civil ~~Mysore~~ Service Examination which was held in 1897; but, owing to serious domestic troubles during that year, I was not able to study well enough to secure one of the appointments open to competition. I have put in nearly Seven years of Service. As regards my character & capacity for work, I beg to refer you to Mr Weir's testimonial attached hereto. I must also add that I have passed the Madras Pleaders' Test Examination. I hope the letters of introduction I took to you from messrs M. Kantharaja Urs & V. N. Narasimha Aiyangar, have given you an idea of my capacity & general qualifications for the place. I beg to suggest also that I have got some claims on the Durbar inasmuch as I worked for over two years as tutor to Her Lakshmi Kantha raja Urs; and I was only recently sent back to the college, as the state of my pupil's health did not permit him to continue his studies

In conclusion, kindly permit me to add that, in consideration of my present pay & status, I beg you to take a favourable view of my case.

I beg to remain,

Honored Sir

The petitioner undersigned, respectfully begs leave to request you to place this petition of his before His Highness The Maharaja of Mysore, for Gracious Consideration:

1. The petitioner is a native of Saklespur, Manjarabad Taluq, Hassan District and his age is twenty five years.

2. He has passed the B.a. and B.L. Degree Examinations of the Madras University and has been enrolled as an Advocate of the Chief Court of Mysore.

3. He has passed all the Examinations in Arts (Matriculation, F.a. and B.a.) in the First Class standing third in the list in the B.a. Examination of January 1894.

4. He has passed the B. L. Degree Examination (January 1900) in the Second Class, being seventh in the list. He here craves permission to remark that there were no one who qualified in the First class in that year or since.

5. He appeared for the Mysore Civil Service Examination held in August of last year, but he did not come within the necessary rank, having stood tenth in the list. Besides those who have secured the reserved appointments, there are only two other natives of Mysore above him, but the petitioner may here be permitted to observe, without meaning any disparagement to those two Gentlemen, that one of them has not passed the B. L. Degree Examination and that he has obtained less marks than the petitioner in the Compulsory Branch viz English, and that the other, though standing higher in the Civil Service Examination has not, so far as the petitioner is aware, passed the University Examinations in the First Class. Further, the petitioner got more marks in English than Even the Gentleman who stood fifth and secured the second Mysore appointment, but he (i.e. the petitioner) obtained less marks than many of these in the Optional Branch — the result of having chosen a wide subject, viz., Mental and Moral Science.

6. He appended Copies of Certificates from the professors of the Colleges where he was Educated,

Speak to his Conduct, Character and ability as a student. He also Encloses a Copy of a Certificate from Graham Anderson Esq C.I.E. about the family to which he belongs. Mr P.R.W. Wethrall, the present Sub Division officer, Saklespur, may, if thought necessary, be Consulted with regard to the petitioners' work as a lawyer.

P/S. The petitioner, now, understands that there are several vacancies in the Revenue Department. Considering that he comes from a distant Malnad where Education is very backward and that his qualifications, though not high, yet do not Suffer much by Comparison with those of other Educated young men in Mysore, the petitioner most humbly and respectfully begs leave to request that the Government of His Highness the Maha Raja of Mysore, may be pleased to Confer on him the post of Probationary Assistant Commissioner unfortunately rendered vacant Some time ago or any other appointment of Equal or approximate Grade which the Government may deem fit to bestow on him.

He begs to remain
